MEET DR. RONALD K. THOMPSON

Dr. Thompson has worked and trained extensively to build a practice that exceeds your expectations of trusted, personalized dental care. He consistently brings his patients only the best that modern dentistry has to offer, by keeping himself and his staff informed on the latest advances and available techniques.

He received both his bachelor's and dental degrees from the University of California at San Francisco. Since graduation, Dr. Thompson has kept up-to-date on the newest developments in his field through numerous continuing education courses, including those in the dental community as a member of the American Dental Association, Arizona State Dental Association, American Academy of Cosmetic Dentistry and the Dental Organization for Conscious Sedation.

In addition to patient comfort and satisfaction, Dr. Thompson's priority is serving his community. A native Arizonan, he is proud to still reside in Mesa with his family. He and his staff look forward to your visit and to showing you the many ways in which the finest dental care can improve your life.

"I'M WEARING BRACES!"

COMFORTABLE, REMOVABLE, INVISIBLE BRACES

As low as \$100 per month

Using advanced computer image technology, we create a series of custom, clear plastic retainers that are changed every two weeks to properly align your teeth. These removable aligners are comfortable and invisible. No one can tell you're wearing them!

Call us to see just how enjoyable and affordable Invisalign® can be for you!

The Most Natural Way to Replace Missing Teeth

DENTAL IMPLANTS

Stop suffering from the discomfort of loose or ill-fitting dentures. Eat comfortable and speak confidently when you replace missing teeth with permanent ones!

CALL TODAY FOR MORE DETAILS.

EASE YOUR ANXIETY WITH SEDATION DENTISTRY

Now you can achieve the healthier, more beautiful smile you always wanted with the help of sedation dentistry. In just one visit, we can fix years of ignored dental problems while you relax comfortably under conscious sedation.

SEDATION DENTISTRY HAS WORKED FOR MANY PATIENTS WHO:

- Have had traumatic dental experiences.
- Fell uneasy in the chair.
- Have sensitive teeth.
- Have difficulty getting numb.
- Fear needles and drills

Sedation Dentistry may also be the solution for you! With sedation dentistry, you have little or no memory of the procedure and will never have to fear a trip to the dentist again!

"I want to thank you and your entire staff for the excellent treatment and pampering I received at East Valley Dental Care. After many years, I can safely smile again. I wish I would have found you sooner. It would have saved me a lot of pain and frustration. Coming to your office was the best thing I could have done for myself. You have given me my smile back."

-Terry Bachman, Tempe
